

Construction Design and Management (CDM) 2015

This CDM course will ensure that key duty holders understand their legal obligations and duties under the new Construction (Design and Management) Regulations (CDM 2015). Delegates will gain a detailed understanding of the new regulation and how to ensure compliance throughout the entire project lifecycle.

Who should attend this course?

This course has been designed for anyone who is a key duty holder, whether they are the client, the principal contractor, the principal designer, the designers, or sub-contractors. This course offers guidance on the roles and responsibilities of key duty holders

Key Topics

- The need for CDM and when it applies
- Relationship with other health and safety laws
- General management duties applying to all projects
- Client's duties
- Designer's duties
- Principal contractor's duties
- Principal designer's duties
- Contractor's duties
